IES Infrastructure Solutions Acquires Steel Fabrication Facility in South Carolina

CANTON—June 6, 2024—IES Infrastructure Solutions, a wholly owned subsidiary of IES Holdings, Inc. (“IES”) (NASDAQ: IESC), announced today that it has acquired a steel fabrication plant in Rock Hill, South Carolina, consisting of a 148,000 square feet facility located on approximately 45 acres of land. This new Rock Hill plant will operate under the Technibus name.

Mike Rice, President of IES’s Infrastructure Solutions segment, said, “The addition of this Rock Hill plant strategically expands our geographic footprint and adds significant capacity to support generator enclosure and related products manufacturing, where we see significant growth potential. Combined with our existing fabrication plants in Ohio, Oklahoma and Pennsylvania, we have established over 1,400,000 square feet of fabrication space to meet the evolving needs of our customers. We’re excited about the opportunities the Rock Hill facility offers to expand our capabilities.”

ABOUT IES INFRASTRUCTURE SOLUTIONS

IES’s Infrastructure Solutions segment is a provider of electro-mechanical solutions for industrial operations, including apparatus repair and custom-engineered products, such as generator enclosures and bus duct, used in data centers and other industrial applications.
